- Believe in what you do
- Has a mission
- Challenge themselves
- Organized
- Trustworthy

WHAT ARE SOME WAYS YOU'VE DEMONSTRATED LEADERSHIP THROUGHOUT THIS PROGRAM?

- Made the choice and commitment to do something to make a positive difference in your communities;
- Travelled away from home to other communities;
- Stepped out of your comfort zone (public speaking, interviews, sharing about yourself, your community, community and school

- Created a vision, goals, activities, workplan, budget (proposal) and made a project pitch;
- Initiated community discussion around waste diversion (7R's), PRO's, community diversion programs/planning; and,
- Spearheaded community waste diversion action in your communities!

CONTINUING LEADERSHIP

- Share what you've learned with family, friends, peers, community leadership, community (word of mouth, social media, present at school, community meetings);
- Challenge yourself to make positive zero waste changes in your day to day actions wherever possible;

- Acknowledge your traditional role as a land and water protector/ steward of the environment for the next Seven Generations to come- You are the future leaders of your communities and will one day be the decision makers for community actions (voters, elected leaders).
- Act as role models for youth in your community through mentorship opportunities, volunteering, and acting as youth representatives on community boards, committees.
